Compatibility	Windows / macOS / Linux (limited support)

【Features】

1. **Full-Size Layout:** 104-key full layout with dedicated FN multimedia shortcuts for enhanced productivity and gaming control.

2. **Durable Build:** Galvanized metal top plate with ABS housing offers strength and longevity for daily gaming use.

3. **Precision Mouse:** 4-level adjustable DPI with ergonomic design ensures comfortable and accurate navigation.

4. **Vibrant Backlighting:** Static rainbow LED backlight on both keyboard and mouse adds a stylish flair to your setup.

5. **Plug & Play:** Hassle-free USB connection, no drivers required.

【Application Environment】

1. **Gaming Ready:** Ideal for gamers seeking responsive input devices with style and comfort.

2. **Workstation Friendly:** Suitable for office setups requiring durable peripherals with visual appeal.

3. **Home Versatility:** Great for everyday use, from casual browsing to remote work.

【Important Notice】

1. **Backlight Effects:** This product does not support breathing or dynamic lighting modes.

2. **OS Compatibility:** Full function support on Windows; some shortcuts may have limited compatibility with macOS or Linux.

3. **Use Environment:** Keep away from water or extreme humidity to prevent damage to electronic components.
